this book explores the application of service design to urban commons it originates from a project developed by the research group of polimi desis lab of politecnico di milano aimed at imagining the future of the reggio emilia ducal palace and its park the reggia di rivalta the peculiarity of the project lays in the idea that the design of a public space should be informed by the design of its services because the development of specific activities actually builds a fundamental part of the identity of a place conceiving both the tangible and intangible dimensions as part of a single creative process the combination of a participatory process and the integration of spatial and service design led to infrastructuring a multi stakeholder participatory action research of envisioning the future of a public good this effort has been thus framed into a working methodology specific tools and progressive outputs which are defined as service master planning the process and service master plan the product allowing service design professionals to expand their knowledge and develop skills for a new field of application connected to urban planning

this book presents the outcomes of the symposium new metropolitan perspectives held at mediterranea university reggio calabria italy on may 26 28 2020 addressing the challenge of knowledge dynamics and innovation driven policies towards urban and regional transition the book presents a multi disciplinary debate on the new frontiers of strategic and spatial planning economic programs and decision support tools in connection with urban rural area networks and metropolitan centers the respective papers focus on six major tracks innovation dynamics smart cities and ict urban regeneration community led practices and ppp local development inland and urban areas in territorial cohesion strategies mobility accessibility and infrastructures heritage landscape and identity and risk management environment and energy the book also includes a special section on rhegion united nations 2020 2030 given its scope the book will benefit all researchers practitioners and policymakers interested in issues concerning metropolitan and marginal areas

il convegno nasce come espressione della volontà della soprintendenza speciale archeologica

beni artistici e del paesaggio di roma condivisa con questa azienda di ampliare le conoscenze sugli ipogei che insistono al di sotto dei nostri presidi ospedalieri in relazione e in analogia a quanto già condotto in precedenza presso l'area di insediamento della basilica costantiniana intitolata al santissimo salvatore e le aree adiacenti sulle quali vennero edificate tutte le altre strutture a compimento del patriarcato sin dal IV sec d.c. La sopra citata volontà si è concretizzata con una apposita convenzione sottoscritta nel febbraio del 2018 che ha ritenuto di coinvolgere studiosi appartenenti a prestigiose università italiane ed internazionali i cui attori principali erano quelli che fino ad allora avevano già dato il loro massimo contributo di alto valore scientifico sia sull'area lateranense sia nell'area di competenza dell'antico ospedale. The conference came about as the expression of the desire of the Soprintendenza Speciale Archeologica Beni Artistici e del Paesaggio for Rome a desire which our administration also shared to expand knowledge of the underground remains that stand below our hospital buildings in relation to and in analogy with the work already done in the past near the area where the Constantinian basilica stood which was dedicated to the most holy saviour and the adjacent areas on which were built all the other structures to complete the patriarcato ever since the 4th century AD. This aforementioned desire took concrete shape with a special agreement signed up to in February 2018 which set out to involve academics from prestigious universities in Italy and abroad. The main players in this agreement were the same ones who up until that time had already made their biggest contribution of high scientific value both in the lateran area and in the area pertaining to the ancient hospital itself.
