le périurbain a longtemps eu mauvaise presse il lui a été reproché tout à la fois de contrecarrer les objectifs de sobriété énergétique d'artificialiser les sols et de favoriser la sécession sociale des classes moyennes par delà ces critiques longtemps reprises par les décideurs politiques de nombreuses recherches portant sur des terrains variés ont montré que s'y inventaient de multiples solutions portant sur les mobilités les modes d'habiter les pratiques agricoles ou les formes de sociabilité le contexte est en train de changer la crise climatique qui s'inscrit dans le temps long conduit à repenser les modèles de ville compacte la pandémie heurte brutalement les habitudes et les pratiques et contribue à accélérer le processus cet ouvrage se propose de mettre en lumière certaines des transformations souterraines en maturation différentes générations de chercheuses et chercheurs travaillant sur les espaces périurbains y ont participé des pionniers et pionnières des études périurbaines aux jeunes doctorantes et doctorants tous témoignent que les espaces périurbains sont des territoires d'innovation où il devient concevable de répondre à certains des défis auxquels sont confrontées nos sociétés

les textes présentés dans cet ouvrage s'efforcent d'apporter un autre regard sur les territoires périurbains pris dans un processus plus vaste d'urbanisation généralisée avec leurs conséquences sur les zones d'emploi leurs populations se diversifient tout comme leurs trajectoires résidentielles et les modes de vie qui les accompagnent ainsi émergent

différentes formes de revendications citoyennes d'affirmation d'un ancrage local qui participe à la recomposition de ces territoires

sur le front des métropoles américaines une formidable recomposition s'est opérée les marges métropolitaines sont devenues le lieu privilégié de l'intégration sociale le discours dominant sur les suburbs des États-Unis fait néanmoins la part belle aux lotissements à l'américaine comme lieux de l'entre-soi

L'auteur montre comment face aux incertitudes politiques économiques et sociales les citadins éleveurs partis de rien ont entrepris des activités d'élevage pour créer des richesses assurer leur sécurité alimentaire et construire des réseaux sociaux qui leur servent de protection sociale et leur permettent d'écouler les produits de leur élevage grâce à leurs relations sociales à des vendeurs et à des commerçants débrouillards

the european yearbook promotes the scientific study of nineteen european supranational organisations and the organisation for economic co-operation and development oecd each volume contains a detailed survey of the history structure and yearly activities of each organisation and an up to date chart providing a clear overview of the member states of each organisation in addition a number of articles on topics of general interest are included in each volume a general index by subject and name and a cumulative index of all the articles which have appeared in the yearbook are included in every volume and provide direct access to the yearbook's subject matter each volume contains a comprehensive bibliography covering the year's relevant publications this is an indispensable work of reference for anyone dealing with the european institutions

this volume presents 23 papers that offer insights into aspects of creation manufacture and processing in antiquity viewing craftsmen and artists in their socio-cultural and geopolitical setting new finds from greece north africa the black sea italy and central europe provide a trigger for discussion

il existait deux histoires occultées en pays éwé au togo d'une part les tensions entre les cultures sociales et les cultures politiques au niveau villageois et d'autre part les mouvements politiques indigènes qui fonctionnaient à l'intérieur du cadre de la nation benjamin n. lawrance examine ici les expériences historiques du peuple éwé du togo en afrique de l'ouest au xxe siècle pendant l'entre-deux guerres à la suite d'une transition du contrôle colonial allemand

au contrôle français des bouleversements socioculturels économiques et politiques ont saisi la nation naissante éwé pour mieux appréhender ces mutations il faut sortir des clivages classiques entre urbain et rural et se focaliser sur la zone périurbaine cet ouvrage propose six études de cas sur les mutations socioculturelles et politico économiques des années 1920 à 1940 pour illustrer comment le colonialisme périurbain a été vécu par les hommes et les femmes éwé sous le joug de l'impérialisme français

cet ouvrage est une invitation au débat sur les espaces périurbains en afrique à partir du cas du cameroun le périurbain est désormais un tiers espace intercalé entre le rural et l'urbain il est indispensable de lui accorder plus d'attention si l'on ne veut pas rater le tournant de l'urbanisation du xxie siècle il y a une réelle nécessité pour les États de l'institutionnaliser et d'y instruire des projets de territoires
